"Commonwealth Lock Company has been involved with the Yankee Security Convention since year one when the convention was held in Chicopee, MA. Our father was one of the supporting New England locksmiths when the organization was formed in 1978. It is an honor and a pleasure to work with an organization that continues to promote and educate the locksmith and security industry. The Board of Directors does an excellent job at providing a network platform that connects manufacturers, industry experts, distributors, and locksmith/security professionals together. The yearly Yankee Security Convention is a great opportunity to meet and get to know individuals from all levels of the locksmith and security industry, as well as learn about new products and ask questions."
