PRP / STPRP Certification Requirements

CERTIFICATION LEVEL REQUIREMENTS

Locksmith Certifications

CRL Level:

This is the entry level certification for locksmith professionals. This requires passing the Mandatory Exam as well as 2 elective exams.

CPL Level:

Once achieving the CRL level, this second step in certification requires passing an additional 12 electives.

CML Level:

This is the top level of the general locksmithing category. After achieving the CPL certification, this requires passing an additional 9 electives.

Safe and Vault Certifications

CPS Level:

This is the entry level test for the Safe and Vault technician.

CMST Level:

Once achieving the CPS level, this is the top level of certification for the Safe and Vault category

Automotive Certifications

CAL Level:

The entry level certification for the Automotive Specialist.

CMAL Level:

After attaining the CAL level, this is the top level certification for the Auto Professional.

Institutional Locksmith Certifications

ICRL Level:

This is the entry level certification for locksmith professionals. This requires passing the Mandatory Exam as well as 2 elective exams, Life Safety Code and Basic Electricity.

ICPL Level:

Once achieving the CRL level, this second step in certification requires passing an additional 12 electives.

ICML Level:

This is the top level of the general locksmithing category. After achieving the CPL certification, this requires passing an additional 9 electives.

CILM Level:

This is a credential specifically for the Institutional Lockshop Manager. Candidate must achieve the ICPL level before sitting for this exam.

Electronic Locksmithing Certifications

CEL Level:

Entry level certification for the security professional that services the electronic security needs of the public.

CMEL Level:

After receiving the CEL credential, this is the highest level certification for the Electronic Locksmith.

Forensic / Investigative Certifications

CFL, Certified Forensic Locksmith (Auto, General, Safe/Vault, Architecture/Hardware):

The CFL testing is by approval only. There is a list of prerequisites that must be met and approved by the IAIL Advisory Committee before a sitting can be scheduled. There are four different credentialing specialties in the CFL certification in which to choose. For more information about CFL, Certified Forensic Locksmithing certifications see the IAIL ALOA Page here, <https://www.aloa.org/iaail/index.html>. This is part of the International Assoc of Investigative Locksmithing.
